● ABOUT ME

I am in the 8th Semester of my Software Engineering degree at the University of Mianwali, with strong expertise in modern programming and software development. With over three years of teaching experience at Shaheen Academy and Iqra Computer Sciences Academy, I have successfully guided students in mastering computer science concepts. My academic projects reflect my practical skills, while my role as President of the Blood Donation Society has strengthened my leadership and communication abilities. I am passionate about using knowledge and innovation to inspire the next generation.

● WORK EXPERIENCE

APP DEVELOPER – UNIVERSITY OF MIANWALI (ACADEMIC PROJECTS) – 03/06/2025 – Current – PAKISTAN

- **Android Developer InternOkra Software House, Mianwali(6/2025) – (10/2025)**
 - Wrote clean and concise Kotlin code, leveraging the power of declarative programming to reduce boilerplate code.
 - Developed hybrid screens using **Interoperability APIs** to allow Compose and XML views to coexist.
 - Assisted in migrating legacy XML-based layouts to modern **Jetpack Compose** UI to improve rendering performance.
- **Hunnarmand (Skill Connection Platform)**
 - Technologies: Kotlin, Android SDK, Firebase/REST API, Google Maps Integration
 - Developed a service-based platform connecting local skilled workers (electricians, plumbers, mechanics) with daily users.
 - Key Features: Implemented user profiling, geo-location based worker search, and a direct calling/messaging featur
- **Hostel Manager App**
 - Technologies: Kotlin, Room Database/SQLite, MVVM, Material Design
 - Built a management utility to digitize the manual record-keeping of hostel residents.
 - Core Functionality: Features include Room Allocation, Student Attendance Tracking, Mess Management, and Complaint Registration.
- **Android Developer Portfolio App**
 - Built a showcase application to demonstrate proficiency in modern Android development and UI/UX design.
 - *Technologies: Kotlin, Jetpack Compose, Material Design 3*

SOFTWARE ENGINEER – DEPUTY COMMISSIONER OFFICE, MIANWALI – 02/02/2025 – 05/04/2025 – MIANWALI, PAKISTAN

Main activities and responsibilities

- Designed and developed a **Monitoring Software Portal** for the DC Office.
- Collected requirements from multiple departments and implemented features for **real-time data collection and reporting**.

- Generated analytical reports to support **decision-making and performance monitoring**.
- Ensured a **user-friendly interface** for departmental staff.

● **EDUCATION AND TRAINING**

22/07/2025 – 22/09/2025

ADVANCED PROGRAMMING IN KOTLIN course offered by Meta on Coursera!

Website <https://www.coursera.org/account/accomplishments/verify/PN8ISH4APKNR>

● **LANGUAGE SKILLS**

Mother tongue(s): **PANJABI | URDU**

Other language(s):

	UNDERSTANDING		SPEAKING		WRITING
	Listening	Reading	Spoken production	Spoken interaction	
ENGLISH	C1	C1	C1	C1	B2

Levels: A1 and A2: Basic user; B1 and B2: Independent user; C1 and C2: Proficient user

● **SKILLS**

Android Development (Kotlin) | C++ | computer programming | Jetpack Compose

Teaching & Training

Teaching Computer Basics (Word, PowerPoint, Typing, Shortcuts)

● **VOLUNTEERING**

10/10/2022 – 15/10/2026 University of Mianwali

President | Blood Donation SocietyUniversity of Mianwali

Write here the**Led and managed** a dedicated team of student volunteers to organize large-scale blood donation camps and health awareness drives across the university.

Coordinated critical emergency responses, establishing a rapid network to connect donors with patients at DHQ Hospital and local clinics instantly.

Initiated the digitization of manual records by designing and developing the "Blood Donation App," significantly reducing donor search time.

Collaborated effectively with university administration and medical authorities to streamline resources and ensure successful community operations. description...
